

STEP - Planning sheet

Warm Up chosen

Do we have enough room to play safely without bumping into each other? Can we mark the area with cones?

Space

Think about the activity you want others to do. Make sure it's clear, easy to understand, and fun to try.

Task

Decide what equipment you need, make sure there's enough for everyone, that it can be used safely and fairly, and be ready to swap or change if needed.

Equipment

Decide how many should play at once, what the group sizes will be, and make sure everyone can join in.
